Re: Migration Campaign Action Alert: DACA

Dear Representative Perry:

As your constituent and a supporter of the Share the Journey campaign led by Pope Francis, I'd like to express my strong support for Deferred Action on Childhood Arrivals (DACA) youth and urge Congress to provide a permanent legislative solution for Dreamers.

While the issue of immigration is a large and complex one, we must not forget that at the core, it's about people, and I believe that every person is a child of God. Therefore, I urge our nation to find a legislative solution that includes a path to citizenship for DREAMERS. I urge you to voice support for the DREAM Act and ensure that Congress acts to pass this form of relief quickly so as not to uproot the lives of so many young people who've made enormous contributions to our communities and our economy. These children are American in every way except for their immigration status.

As Pope Francis reminded members of Congress during his visit to the United States "We need to avoid a common temptation nowadays: to discard whatever proves troublesome. Let us remember the Golden Rule: 'Do unto others as you would have them do unto you' (Mt 7:12)". To this end, we believe that deporting exemplary young people who were brought to our nation as children, and who know only the United States as their home, is not in our interests as a moral and generous people.

Thank you for hearing my concerns.

Sincerely,
